

## HLTA Cold Policy

Match play can be rescheduled if the actual temperature (without consideration of the wind chill factor) at the home team's courts is less than 40 degrees Fahrenheit at 9:00 a.m. on the day of a regularly-scheduled match (which includes a scheduled rain make-up match). If match play is postponed due to cold weather, a make-up match must then be scheduled in accordance with the rain make-up rules stated in HLTA Rule MATCH PLAY #6. HLTA encourages teams to still play the later lines if possible even if the earlier lines are unable to play because the temperature is less than 40 degrees Fahrenheit at 9:00 a.m. **All make-up matches must be completed by the Last Day to Report Scores.**

Please note that The Weather Channel is a good source for temperatures by the hour ([www.weather.com](http://www.weather.com)).
